Dear Esteemed Member,

Alumni Group Accreditation by University of Oxford and University of Cambridge

Following months of discussions with the Alumni office of the Universities, I am very pleased to inform you that The Oxford and Cambridge Club of Nigeria is now the officially recognized Alumni group in Nigeria!

In connection with this, the Universities have provided us with a number of different logos to be used on all stationery and social media platforms – I am therefore also pleased to unveil our main logo for Stationery (top left corner). We have updated our website – www.oxbridgenigeria.com and social media platforms accordingly.

The Accreditation is not just about logos. I sincerely hope that the recognition by the Universities will further enhance our mission to create Thought Leadership throughout Nigeria, Africa and beyond. The Executive is also exploring ways of deepening our relationship with the Universities including our desire to establish credible scholarships for future students.

We are bound by strict Guidelines in order to remain the recognized Alumni Group in Nigeria and your ExCo will continue to do its best to ensure full compliance.

With best regards.

Fela Akoni
President
